Кикстартер User stories

US 1 Quote

As a Guest (Investor)
I want to see a nice quote on a main screen
So my attention will be interested

Use case 1
When I go to the application the first time
Then I see a quote

US 1.1 Random Quotes

As a Guest
I want to see one of predefined quotes when I go to the site
So I am motivated and not bored

Use case 1

Given I visited an application and saw some quote
When I go to the application the next time
Then I can see another quote

US2 Categories list

As a Guest
I want to see a list of all categories
So I can focus on interesting theme

Use case 1

I go to the application
I see the numbered list of categories
And request for select one
I select one category
I see a message about what category I selected

US 3 Category details

As a Gust
I want to investigate a list of projects in the category
So I can understand what project I would invest

Use case 1

I go to the application
I select any category (example, 1 - Sport)
I see the list of projects
And each project consists with:
- project name
- short description
- required budget
- gathered budget
- days left

US4 4 Project details

As a Guest
I want to investigate the project
So I can understand if I want to invest it

Use case 1

I see a list of project
I see a request to select a project
I select the project (example, 12 - New soccer ball)
I see detailed description of the project, including:
- All from US3 UC1
- History of the project
- URL to video about the project

I select "0 - exit" menu item
I see a list of categories
And I am able to select another category

Use case 2

I see a project details

I see a request to select menu item and menu item "0 - exit"
I select "0 - exit" menu item
I see a list of projects
And I am able to select another project in the category

US 6 Invest

As a Guest
I want to invest to the project
So I can support it

Use case 1

I am on the project details screen
I see the menu with action I can do and one of the action is "Invest" the project
I select this menu item
I see the request for inputting card holder name, card number and amount
I input all that data
I moved to the project details screen
I see that gathered budget is changed

US 7 Ask a question

As a Guest
I want to ask a question to the project authors
So...

Use case 1

I am on the project details
I see the menu with actions and one of them is "Ask a question"
I select it
I see the request for inputting a question
I enter the question
I sending it
I see the project details with my question

US8 Award

As a Guest
I want to understand what is my award for investment
So I can select the right amount of money to invest

Use case 1

I see several option on payment page (example, 1 - 1$, 2 - 10$, 3 - 40$) with description what is an award if I change each of them
I can select any of it and pay or pay any amount as previously

Note: There is a plan that the project author will handle awards descriptions.
